# BV Pier Party

The BV crew was asked to join forces with the westside charity "For the Arts" to produce a full family event, combining all elements of art, on the Santa Monica Pier. The two-day event, drawing nearly 10,000 spectators, showcased the talents of the SMMU School District on multiple stages, while the Bagavagabonds gave the event an interactive edge by offering instruction and demonstration in mediums such as; screen-printing, graffiti art, break dancing, air brushing, collage art and DJ'ing.
